AFTER THE FIRE.

Much excitement was caused Sunday by the story that a commercial traveler was burned in the fire. It spread fast, and by Monday nearly every one had ound that there was no truth in the

In our account of the fire last week it was stated that T. C. Spencer was in the Avenue House when the fire started. This enter the house until after he heard the building was on fire.

There has been much speculation as to the sudden spreading of the fire after it was first discovered, but the most natural explanation is that after the flames broke out there was an explosion of the coal gas. As the flames were first discovered in the room over the big boilers, this seems a very plausible theory for the rapid spreading of the flames.

While the fire was in progress Landlord Norton of the Union House distributed coffee to the firemen, and also invited Landlord Doyle and family to be his guests. Many other people in that vicinity took the homeless people into there own homes, so that no one was left with-

out a sheltering roof. Workmen have been busily engaged the past week repairing the Brooks block, and it will soon be ready for occupancy. Bragg & Morris are doing the work, and

the job will be well done. E. C. Brooks, the tailor, estimates his loss above the insurance at about \$1200. R. P. Kidder & Son lost about \$400 from the fire. The adjusters paid Spaulding Brothers \$2500 insurance, and that firm's loss by the fire will be about \$500. They

A CHOICE CONCERT.

The concert on Friday evening by the Boston Rivals was the choicest of the season and thoroughly enjoyed by an appreciative audience. The artists were, IN OLD KENTUCKY Miss Sigrid Lunde, soprano; Miss Vora Burpee, reader; Miss Jessie M. Downer, pianist; Mr. Felix Winternitz, violinist, and Mr. James H. Ricketson, tenor. Mr. Winternitz is an accomplished violinist, and was enthusiastically received. Mr. Ricketson's sweet and pure tenor voice was at its best at this concert, and encores were frequent and cheerfully responded to. The work of the accompanist was no secondary part, and her work was most graceful and artistic. Miss Burpee, who is so well known in this town, received quite an ovation when she first appeared, and gave her selections in a highly pleasing manner. CLEVER DETECTIVE WORK.

Sheriff Sulloway has just completed some clever work, which has occupied more or less of his time for the last six correspondence between the United States and Canada.

Last August Henry Lanctot and George Wells stole about \$400 worth of clothing from the store of S. Stern at Lyndonville. They took their property to Lowell, where they disposed of some of it and later sold the rest in Manchester. Wells was arrested in Manchester soon after brought to our county jail and Mr. Sulloway started out on Lanctot's trail. He could not find him in Lowell, but finally arrested him in Sherbrooke. In the meantime Lanctot had fallen heir to some money and he resolved to make a fight for liberty. He carried his case the extradition papers were good. Sheriff Sulloway received last week the extradition papers from President Cleveland and took them to Ottawa to get them examined by the Canadian government. Mr. Sulloway went to Sherbrooke today to get Lanctot and will have him tried at the June term of court. He is a desperate criminal and tried every means to escape the law. This is the first case of extradition that has been tried from St. Francis district for 30 years.

ACADEMY NOTES.

Chris. St. Clare conducted church service at West Burke last Sunday. B. T. Marsnalli, '93, of Dartmouth col-

lege, addressed the Adelphian society Saturday evening and the Y. M. C. A. Sunday afternoon. The day of prayer for schools and col-

leges was observed last week Thursday. Meetings of students were held in the afternoon and evening and much interest was shown. M. S. Sayford, the evangelist, comes today to do some religious work among the students.

This popular play will be given at the Stanley Opera House tonight by an excellent company. It is one of the most elaborate and expensive productions of the year. As may be imagined, the story is laid in Kentucky, and fine opportunities are offered for scenic display. The | held at his father's residence Saturday play opens in the mountains of Southern Kentucky, and the scene shifts to the beautiful blue grass region where the audience is given an excellent idea of all that is typical of Kentucky life. There is a stirring race between genuine Kentucky horses and numerous other exciting scenes of absorbing interest. "In Old Kentucky" was the greatest success of
